I'm

Shyam Bhanushali

Sharpened my skills in the Leather Footwear Designing at the National Institute of Fashion Technology, Chennai campus, I am dedicated to grasping the intricacies of design processes and integrating them into my creative endeavors. My strengths lie in keen observation and a knack for understanding the complexities of design, particularly in visualisation, 3D modelling, and prototype development. Beyond my academic pursuits, I find joy in embarking on bike road trips, capturing wildlife through bird photography, exploring nature through trekking, and indulging in the vibrant atmosphere of concerts and DJ events.
